Note regarding the reservation of Udmikal Block under section 19 of Hyderabad Forest Act of 1355 Fasli.

Sub:- Reservation of Udmikal Forest Block Tq: & Range Gangavathi Raichur Division, under section 19 of Hyderabad Forest Act II of 1355 Fasli.

...

CONFIGURATION. The Block is likely with boulders and outcrops of Granitic gruice. Vallies are of sandy loam.

TYPE OF FOREST AND VEGETATION This block supports very poor quality dry deciduous type of vegetation in the lower slopes and the vallies. On upper slopes and hill tops the vegetation is almost of Zeropathitic nature. Main species found in the Block are of Palakurdhasa, Sundra, Balent, Neem, Beautea, Frondosa, Thupra, Dindiga.

HISTORY. The percentage of forest areas being very low in Raichur District and to meet the over increasing demand for fuel and small timber it is necessary to reserve this block of forest and ~~it~~ to improve its growing stock. Due to removal of fuel and other forest produce over long ages the condition of forest block has deteriorated. It is notified under section 6 of Hyderabad Forest Act II of 1355 Fasli.

BOUNDARY LINE. Boundary is Zigzag as shown in the map enclosed. Scale of map is 2" = to one miles.

GENERAL REMARKS (1) Free grazing is permitted.

(2) Village Udmikal is situated to the east about half a mile out side the block.

(3) Villages Malkanmardi is situated to the north east corner and odhal to the south east.

(4) Jurisdiction of Range and Circle is Gangavathi situated about 10 miles from the block.

(5) In the interest of conservation of forest wealth to improve the growing stock to enforce systematic exploitation of the forest produce and have an effective control and check over filling and protection from fire etc., Reservation of this block is essential in the opinion of the Revenue and Forest authorities.
